Service Credit Union Green Bay

What's New in 2024?

It's our 90th Anniversary!

This year marks Service Credit Union's **90th year** of People helping People!

That's right, some clever WPS employees who had money pooled their funds together 90 years ago to help their coworkers who needed to borrow. The credit union's first loans were for things such as coal for heating and furniture purchases. An employee ran the credit union from their desk with a ledger book to record transactions.

Today, Service Credit Union is a \$13 million-dollar financial institution that is still exclusively for WPS and WEC employees and their immediate family members. We are one of a few closed-charter credit unions left in the state and have been able to continue to serve due to the support we receive from WEC and their employees.

Please share your SCU experiences with your family and eligible coworkers and help us, help them.

90th Annual Meeting

We will hold our 90th Annual Meeting virtually again on Tuesday, March 26th, 2024, at noon. Please join us for a recap of 2023 and the election of Directors. We will have a drawing for gift card prizes as well.

Invites will be mailed out in February. We look forward to having you join us!

New online banking

We converted to a new system in September so if you are getting a paper statement and would like to receive eStatements instead you will need to enroll in the new online banking.

Go to the link on our home page (www.service-cu.com) and enroll using your account number (you may need to call us for this number). Once enrolled, you will get an email monthly notifying you that your statement can be viewed online. Less paper to shred and less cost for us!

Our new app also features remote deposit, making it easier to save money with us.

Feel free to call and Nicole, Kim or Jane will walk you through the process.

Loans

We partner with AmeriCU mortgage for members wishing to purchase property. Visit the link on our website or give us a call so we can connect you with Erik at AmeriCU.

We have home equity, auto and personal loans at great rates right now. Let us help you finance your next home improvement project, car, or vacation.

Savings

Visit our website to see the great share certificate specials we are offering right now. Don't wait, as savings rates are expected to decrease in the next few months. Lock in those funds at a higher rate now.

Checking

Tired of the fees your bank is charging? Open a share draft (checking) at SCU. No monthly fees, and a network of fee free ATMs you can access. Open with \$100 and no minimum balance required after opening.

Spread the word to your immediate family members and WEC coworkers (if applicable)!

Call us — you'll get a person, not a prompt!
